### HEAT PROSTRATIONS.

Prominent Physician Gives Some Practical Advice.

A prominent physician says of heat prostration: "Avoid over exertion of body or mind, unsanitary condition, emotional excitement, worry, over-heating and the use of alcohol. Wear light clothes, both as to color and weight, and have your place of labor well ventilated. A person who has had a previous attack must be very cautious. It is often well to wear a damp cloth or a little bunch of leaves in the top of the hat. All the authorities agree that a person who has had an attack is in danger. Prostration is more common from 2 to 5 p. m., because it is then that the body is least liable to withstand the heat. The warning is the stopping of the pores. If you stop sweating, hurry to a cool place to rest. If a friend is overcome, keep him as cool as possible and call a physician. Almost every case is due to ill health and is only indirectly caused by the heat. There is very little danger of a well man being overcome."

Epworth League's Elect Officers.

The South Bend district Epworth league convention, which was held at Knox last week, elected the following officers: C. E. Wolf, of Laporte, secretary; George Root, of Rolling Prairie, treasurer; Rev. F. O. Fraley, of Flora, first vice-president; Miss Vestie Marquis, of South Bend, second vice-president; Miss Jessie Crosby, of Rochester, third vice-president; Miss Bright Camp, of Camden, fourth vice-president; Mrs. Will Brame, of South Bend, junior league superintendent. The next convention will be at Culver, Ind.

## COUNCIL LETS PAVING CONTRACT

Remonstrance Was Insufficient After Conceding Every Claim of the Remonstrators.

**W. M. HATCH, OF GOSHEN,**  
**THE SUCCESSFUL BIDDER**

Names of Several Property Owners Stricken From Remonstrance Late Wednesday Afternoon—Remonstrators Lacked Over 400 Lineal Feet on Every Proposition—Much Credit Due the Common Council.

North Michigan street will be paved. Remonstrators bent every effort to kill the proposed improvement, but lacked considerable of having a sufficient number of lineal feet represented. The bids were opened at the council meeting Monday night and it is now known that the cost of street paving will be only about half what the remonstrators have claimed.

In the business portion of the city where the width of the street is to be 68 feet instead of 40 feet, the cost will be about \$5.70 per front foot.

The dirt which is to be taken from the street will be thrown along side the street outside the curbstone and will be given the property owners for the purpose of constructing terraces and thus beautifying their front lawn.

### ENDOWMENT RANK STORY.

\$3,500 Said to Have Been Paid for Good Reports.

At the special meeting of the supreme lodge, Knights of Pythias, in Chicago, next week, it is understood a report will be made exposing persons alleged to have been implicated in a deal by which a former Illinois insurance commissioner received from a manager of the K. of P. Endowment rank \$3,500 for a "clearance card" and a letter of recommendation for the rank. Union B. Hunt, secretary of state, who is a supreme representative in the order, will attend the meeting of the supreme lodge, and will favor an investigation and indictment of the offenders, if there is evidence to warrant such action.

The story is that the \$3,500 bought a report showing that an investigation had been made, and that the endowment rank's affairs had been found satisfactory.

### HORSETHIEF IS CAPTURED.

Man Named Boaz, of St. Louis, Mo., Arrested at Waukegan.

L. L. Boaz, who says his home is in St. Louis, Mo., was arrested Monday at Waukegan, LaPorte county, by the sheriff of LaPorte county and taken to South Bend.

Boaz was arrested for stealing David S., the valuable pacer owned by John C. Barrett, last Friday night. Near Waukegan, Boaz offered the horse to a farmer for \$100, but the latter refused to buy. Boaz then lowered the price to \$65 and the farmer told him to hitch him to a carriage and if he could go, he would take it. In harness, David S., true to his record of 2:25, went down the road like a shot and the farmer, not used to so much speed, refused to carry out his part of the contract. He, however, notified the officers and Boaz was arrested.

### OVERCOME BY HEAT.

Mrs. Smith, of Lapaz, Succumbs to the Heat.

Mrs. Edgar Smith, wife of the Baltimore & Ohio operator at Lapaz, is lying critically ill at her home, having been overcome by the intense heat Monday.

Mrs. Smith was doing her regular Monday washing when she was overcome by the heat and taken to her bed, having twenty spasms in a very short time.

Dr. Veits was called and reports her much improved but still in a very critical condition.

### Fish for Pretty Lake.

Deputy Fish Commissioner C. W. Burnham was here Wednesday in his special car, being transferred to the Vandavia line. By request of Fred Kuhn and Dr. Burket, 200 black bass were placed in Pretty lake. The car is very neatly arranged and was visited by many of our town people. The fish are supplied constantly with fresh air, it being pumped into the water very gently, which is kept cool by ice. Next year our fishermen expect to make application for several new varieties of fish for the lake.

### Around the Table.

Mrs. A. O. Lampron entertained the Around the Table club of Rochester Friday. A delicious three course dinner was served and the afternoon was spent in various ways. The following were present: Mesdames Sam Terry, San Francisco, Cal.; P. D. Bennett, Washington Court House, O.; Heaton, Ft. Wayne; S. Weltmer, Wadsworth, O.; J. D. Holman, Charles Coffin, Kitter, Cooper, G. V. Dawson, C. K. Bitters, Alex. Ruh, Jim Terry, N. Richter, H. Pfeiffer, Frank Terry, Rochester.

### Politics in Banking.

Capital stock of \$300,000 and a loan amounting to \$1,600,000 to a single firm tells the story of the Seventh National bank's failure in New York City. Nine bank failures out of ten result from violations of the banking laws, and yet when it comes to punishment a large public sentiment favors leniency because "every one else does the same thing." What is the use of having banking laws if they are not enforced?—Indianapolis Sentinel.

### Change of Priests at Goshen.

Bishop Aldinger, of the diocese of Fort Wayne, has appointed Father John H. Guendeling, of Fort Wayne, to succeed Father Lewis Edward Huott to the priesthood of the St. John's Catholic church in Goshen. Father Huott has received a call from his former parish in Worcester, Mass., and has left for that city. There have been five changes in the priesthood during the past year.

### Triplets at Ligonier.

Mrs. William Gard, living three miles east of Ligonier, recently gave birth to triplets, two girls and one boy, the combined weight of the three being twenty-seven pounds. People are coming for miles around to see the babies, as they are the largest triplets ever born in this part of the state.

For Sale—A large Holstein cow and a three-year-old steer. John Nichols, Twin Lakes.

### BRINGS OIL FROM TEXAS.

Welcome Miller and His Father Return Home from Oil Fields.

Welcome Miller, residing five miles northeast of Plymouth, and his father have returned from Texas, where they visited the Haywood gusher, the greatest oil well in the world. Welcome Miller was a member of the Alba Heywood Concert company in 1890 and 1891 and made a tour of the western states. Scott Heywood was the first of the Haywood brothers to reach the oil fields of Texas and leased fifteen acres in the very heart of the gusher field. Since his great fortune he wrote to Welcome Miller, his old friend, and told him to come down and see him, at the same time enclosing a check to cover all his expenses. This was a tempting proposition, so Welcome, accompanied by his father, made the trip.

A photograph of gusher No. 2 was left at this office by Mr. Miller. The picture and the description accompanying it shows a solid six-inch stream of oil to the height of 217 feet. It has a capacity of 70,000 bbl. per day. Mr. Miller has left a sample of the oil here which any interested can see. The same company has two other wells equal to No. 2 and are busily engaged putting down a fourth. The company is capitalized at \$800,000 and has placed \$100,000 of stock on the market as treasury stock to be sold at par, every dollar of which is to be invested in purchasing equipment, tanks etc. The oil is taking the place of coal and fuel in Texas. Mr. Miller is very enthusiastic in explaining the great discovery.

### GOSHEN PAPERS CONSOLIDATE.

The News Printing Co. Purchases the Daily and Weekly Times.

A deal was closed Tuesday at Goshen whereby the News Printing company purchases the Goshen Daily and Weekly Times and will consolidate the two next Monday under the name of the Goshen Daily News-Times.

The Daily News was established in 1886, by Thomas Starr, and the Weekly Times was first published in 1852 by the late Chauncey W. Stevens. The Times has always been republican in politics. Since the establishment of the Goshen Daily Democrat in December, 1897, there have been three daily papers in Goshen. An effort has long been making to reduce the number to two and this has at last succeeded.

### Affects Rural Carriers.

Postmaster General Smith has rendered a decision covering a large number of complaints that have been made to the department from various parts of the country against certain mail carriers in the rural free delivery service, who have under their general privilege of making purchases for patrons along their routes been buying whisky in quarts and pints and delivering it. The postmaster general's order is very positive in forbidding this practice, and the rural free delivery carrier who hereafter violates this rule will be subject to instant dismissal from the service.

### Gave Girls the Shake.

Two young ladies from Plymouth went to South Bend Saturday evening, expecting to be met at the train by their sweethearts, who were to drive them to the residence of a friend, two miles from the depot. It seems that the young men failed to show up and, in as much as they had not prepared themselves with the necessary amount of change to pay bus fare, they were obliged to walk the entire distance and carry their baggage. The young ladies were keenly disappointed and were fearful that the news would get back to Plymouth.

### Harness Stolen.

When Patrick Hursen went to his barn to hitch up his carriage horse Monday morning he was surprised to find that he had no harness, it having been stolen either Saturday or Sunday evening. Several other small articles are missing in that neighborhood and it is thought that it was done by home talent.

Mr. Hursen offers \$5 reward for information leading to the arrest of the thief.

### Horse Dies from Heat.

A valuable horse belonging to Thos. Kleckner, who farms the South Mattingly farm, dropped dead Tuesday as a result of the terrible heat. Mr. Kleckner was driving the animal to the wagon when it fell to the ground and died before he could remove the harness. It was a young horse worth \$175 and Mr. Kleckner feels his loss very sorely.

### Awarded \$4,000.

In the suit of Mrs. Christina Tank of Walkerton vs. Claud Hebrns, tried at South Bend last week, a verdict of \$4,000 was awarded the plaintiff. Mrs. Tank acted as housekeeper for the deceased for several years and was compelled to sue the estate for the amount due her for services rendered.

### Wedding Anniversary.

Mr. and Mrs. C. E. Toan celebrated their thirty-ninth wedding anniversary Tuesday afternoon. About 20 ladies were present and light refreshments were served. They were entertained by Miss Jessie Toan.
